

# Professional Learning Portfolio

Professional learning sessions are available in both virtual and on-site formats. Work closely with your KNOWe partnership team to create a customized professional learning plan tailored to your implementation objectives.

## KNOWe Analysis School

### ADMINISTRATOR PL

Level	Title	Description
1001	<b>Learning and Development with Success</b>	Establish the best practices in leading and launching a successful implementation of <i>KNOWe Analysis School</i> . Engage in hands-on and collaborative conversations to develop and identify key mile- markers of success within the first 15, 45, and 60 days.
2001	<b>Building a Data – Driven Approach</b>	Equip leaders with the skills to develop a data-driven strategy using insights from the <i>KNOWe Analysis School</i> reporting suite. Outline essential processes and communication strategies with stakeholders to effectively manage, collect, and track data.
3001	<b>Driving Data-Led Educational Practices</b>	Empower leaders to champion data-driven educational practices effectively. Leaders will develop actionable and sustainable strategies to support educators in exploring, analyzing, and utilizing <i>KNOWe Analysis school</i> data and reports.

### TEACHER PL

Level	Title	Description
1001	<b>Beginning with KNOWe School</b>	Establish a strong foundation in <i>KNOWe Analysis School</i> to successfully implement the program within the first 15, 45, and 60 days from both teacher and student perspectives. Engage in identifying key milestones for success, focusing on initial setup and best practices to ensure consistent and effective program usage.
	<b>Beginning with Reports and Data</b>	Leverage a data-analysis approach to build a solid understanding of the <i>KNOWe Analysis School</i> reporting suite. Explore effective strategies for interpreting and tracking diverse data points to assess student progress and support academic success.
2001	<b>Utilizing Data to Drive Instructional Quality</b>	Enhance comprehension of <i>KNOWe Analysis School</i> reports and data to inform instructional decisions. Enable teachers to develop data-driven instructional action plans for both whole-class and small-group learning.
	<b>Ensuring Success for All Learners</b>	Encourage teachers to analyze data and tailor instruction to meet the needs of diverse learners. Emphasize differentiated, tiered teaching strategies to identify actionable next steps.
	<b>Empowering and Involving Families</b>	Equip teachers with the skills to recognize essential program features and resources that enhance family engagement. Discover effective ways to communicate student progress and promote the use of <i>KNOWe Analysis School</i> at home.
3001	<b>Guiding Students toward Success with Goals</b>	Support teachers in helping students take charge of their learning outcomes. Work together to identify best practices for fostering confidence and boosting motivation through student-driven data discussions.
	<b>Implementing Best Practices for Essential Standards</b>	Prepare teachers to analyze data and set instructional priorities. Use a needs assessment to identify key standards that will guide differentiated instruction.
Personalized Support	<b>Personalized Office Hours</b>	Tailored, collaborative support to address any remaining program questions and discuss best practices for implementation, ensuring alignment with the district/school's needs, goals, and initiatives.
	<b>Coaching and Expert Consultation</b>	Personalized, on-site support is offered for small group teams or Professional Learning Communities (PLCs).
	<b>Training for Trainers</b>	Empower key stakeholders to facilitate <i>KNOWe Analysis School</i> professional development within their district and/or school.
